"Art is a way of seeing the many facets of life. It is a magnifying glass on our experience as human beings. This capital campaign is the next step in putting art in the heart of our town and invigorating our commitment to and enjoyment of art."

—Jennifer Jeffries

"In a community as diverse as ours, the arts serve as an essential bridge across language and cultural differences. They become the shared link, the glue that shapes our understanding of how we see ourselves and each other."

—Vince Ross

"Art in education allows the senses to broaden and expand—limited only by one's self. A new way, a different way, of seeing ought to be part of everyone's education even though it cannot be truly measured."

—Otis and Linda Heald
